The diagram illustrates a dependency or inheritance relationship. On the left, two white rectangular boxes represent source hooks: 'PluginFrame\\Core\\Hooks\\Upgrade\\afterUpload' (top) and 'PluginFrame\\Core\\Hooks\\Upgrade\\beforeUpload' (bottom). On the right, a gray rectangular box represents a target hook: 'PluginFrame\\Core\\Hooks\\Upgrade\\isPluginUpload'. Two blue arrows originate from the right side of the left boxes and point towards the left side of the gray box, indicating that both source hooks are associated with or point to the target hook.
