

processPHPFile

```
graph LR; A[processPHPFile] --> B[log_message]
```

The diagram consists of two rectangular boxes connected by a horizontal blue arrow. The left box is filled with a dark gray color and contains the text 'processPHPFile'. The right box is white with a black border and contains the text 'log_message'. The blue arrow points from the right side of the first box to the left side of the second box, indicating a flow or call from the first function to the second.

log_message
